Company history since 1989

STUTRONICS was established here in the Cape Winelands in 1989. SOLARMAN RENEWABLE ENERGY was added as a subsidiary in 2014. We have successfully completed over 780 projects, propelling it to the position of an industry leader in the field of Renewable Energy. We have been able to effectively establish ourselves as a reliable renewable energy firm because of our considerable technical experience dealing in a wide range of renewable energy projects.
